WHY HIMACS?

1. Quality Design

HIMACS Aurora Collection has the veins that seem to be gently wavy like Aurora Borealis. The sensuous and subtle pattern gives off a luxurious and elegant charm.

With its timeless design, you could use it stylish for a long time in your life.

2. Easy processing & Hygienic Material

HIMACS is a highly versatile and hygienic material that can be shaped and installed in numerous ways for indoor and outdoor applications. It allows you to create continuous, hygienic surfaces with inconspicuous seams and thermoform surfaces of all shapes and configurations.

3. Reasonable Price

HIMACS Aurora Collection makes luxury affordable. Elevate your designs without paying a premium with this flexible, easy-to-maintain surface material. The inspiring color palettes and marble-like patterns immediately enhance any design.

M610 **Aurora Almond**

Aurora Almond transforms living spaces into havens of sophisticated warmth and contemporary appeal. Its warm-toned beige and brown vein patterns layer tonally against a neutral base, creating an aesthetic of refined elegance and evoke a smooth, sophisticated feel.

M622 **Aurora WarmBlanc**

Interiors desiring warmth and serenity will find it with Aurora Warm Blanc. Gently swirling vein patterns gracing a cream-toned canvas create an inviting aura. Ideal for warm-tone interiors or spaces featuring wood furnishings, Aurora Warm Blanc is sure to foster tranquility while fostering a calming essence.

M704 **Aurora Stone Gray**

Aurora Stone Gray effortlessly combines modern sophistication with timeless allure, resonating with sleek and minimalist design preferences through its subdued gray tones. Ideal for spaces seeking a balance between contemporary aesthetics and enduring elegance.

M626 **Aurora Modern Gray**

Aurora Modern Gray seamlessly elevates any space with its sleek and contemporary aesthetic, embodying refined elegance that captivates the senses. Its versatility allows it to integrate effortlessly with diverse design styles, whether as a primary color or accent, making it ideal for spaces aiming for a modern vibe.

M803 Aurora Calacatta Ramo
Calacatta Ramo beautifully blends elegance and modernity, drawing from the allure of natural Calacatta marble with warm brown veins spread against a white base, revealing a flowing, organic pattern. Ideal for wood-tone interiors and large-area installations, such as art walls. Modulating between warm and neutral tones, Calacatta Ramo's color palette makes it an ideal solution for modern kitchens, bathrooms and other living spaces.

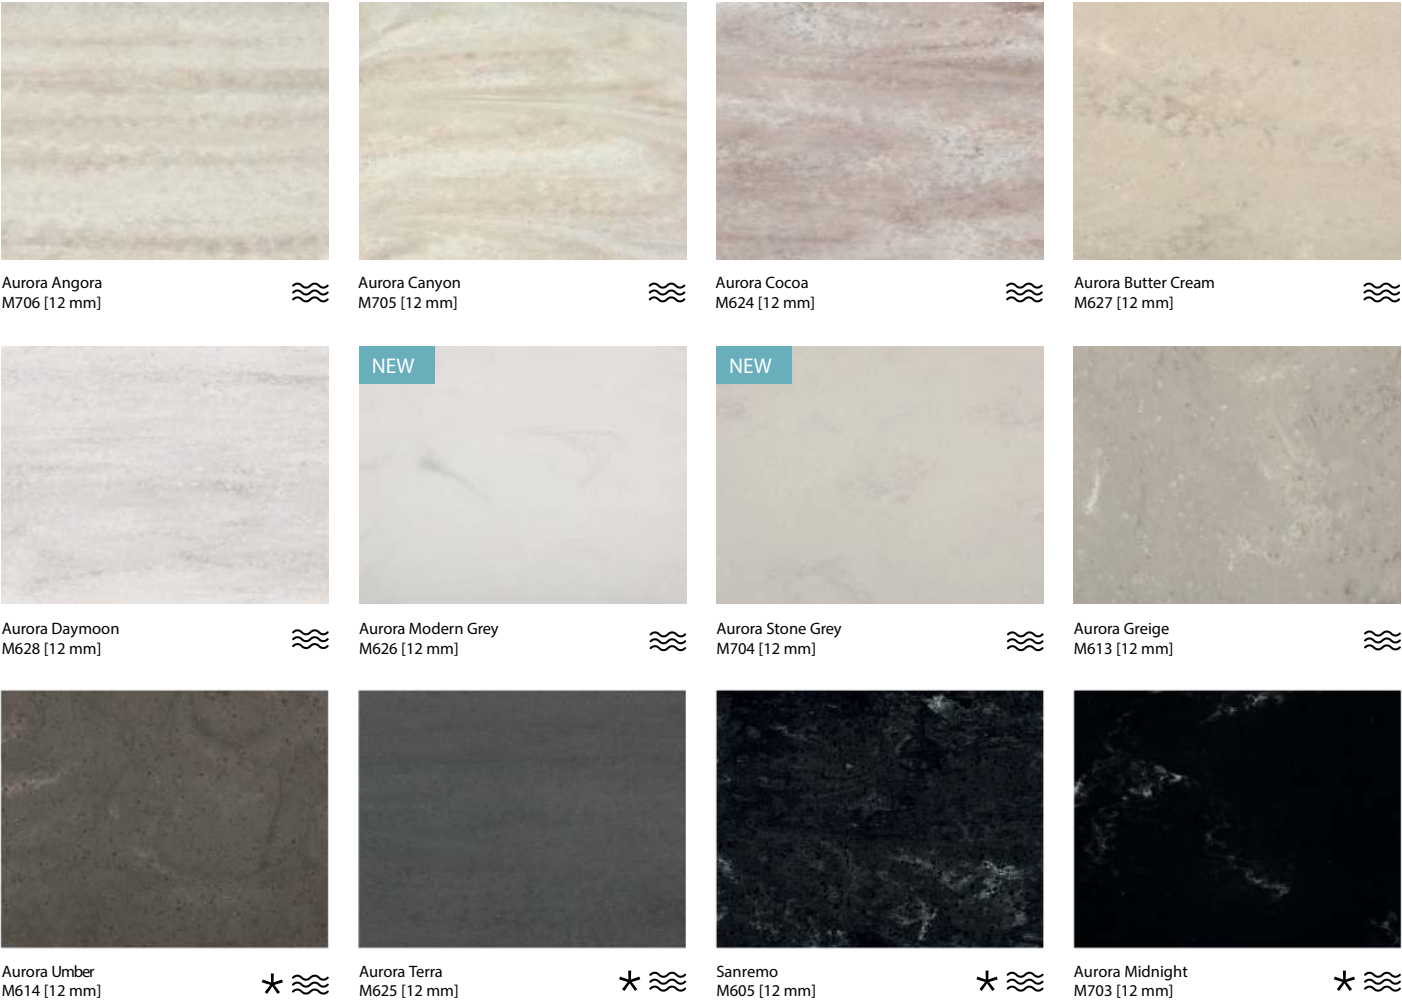

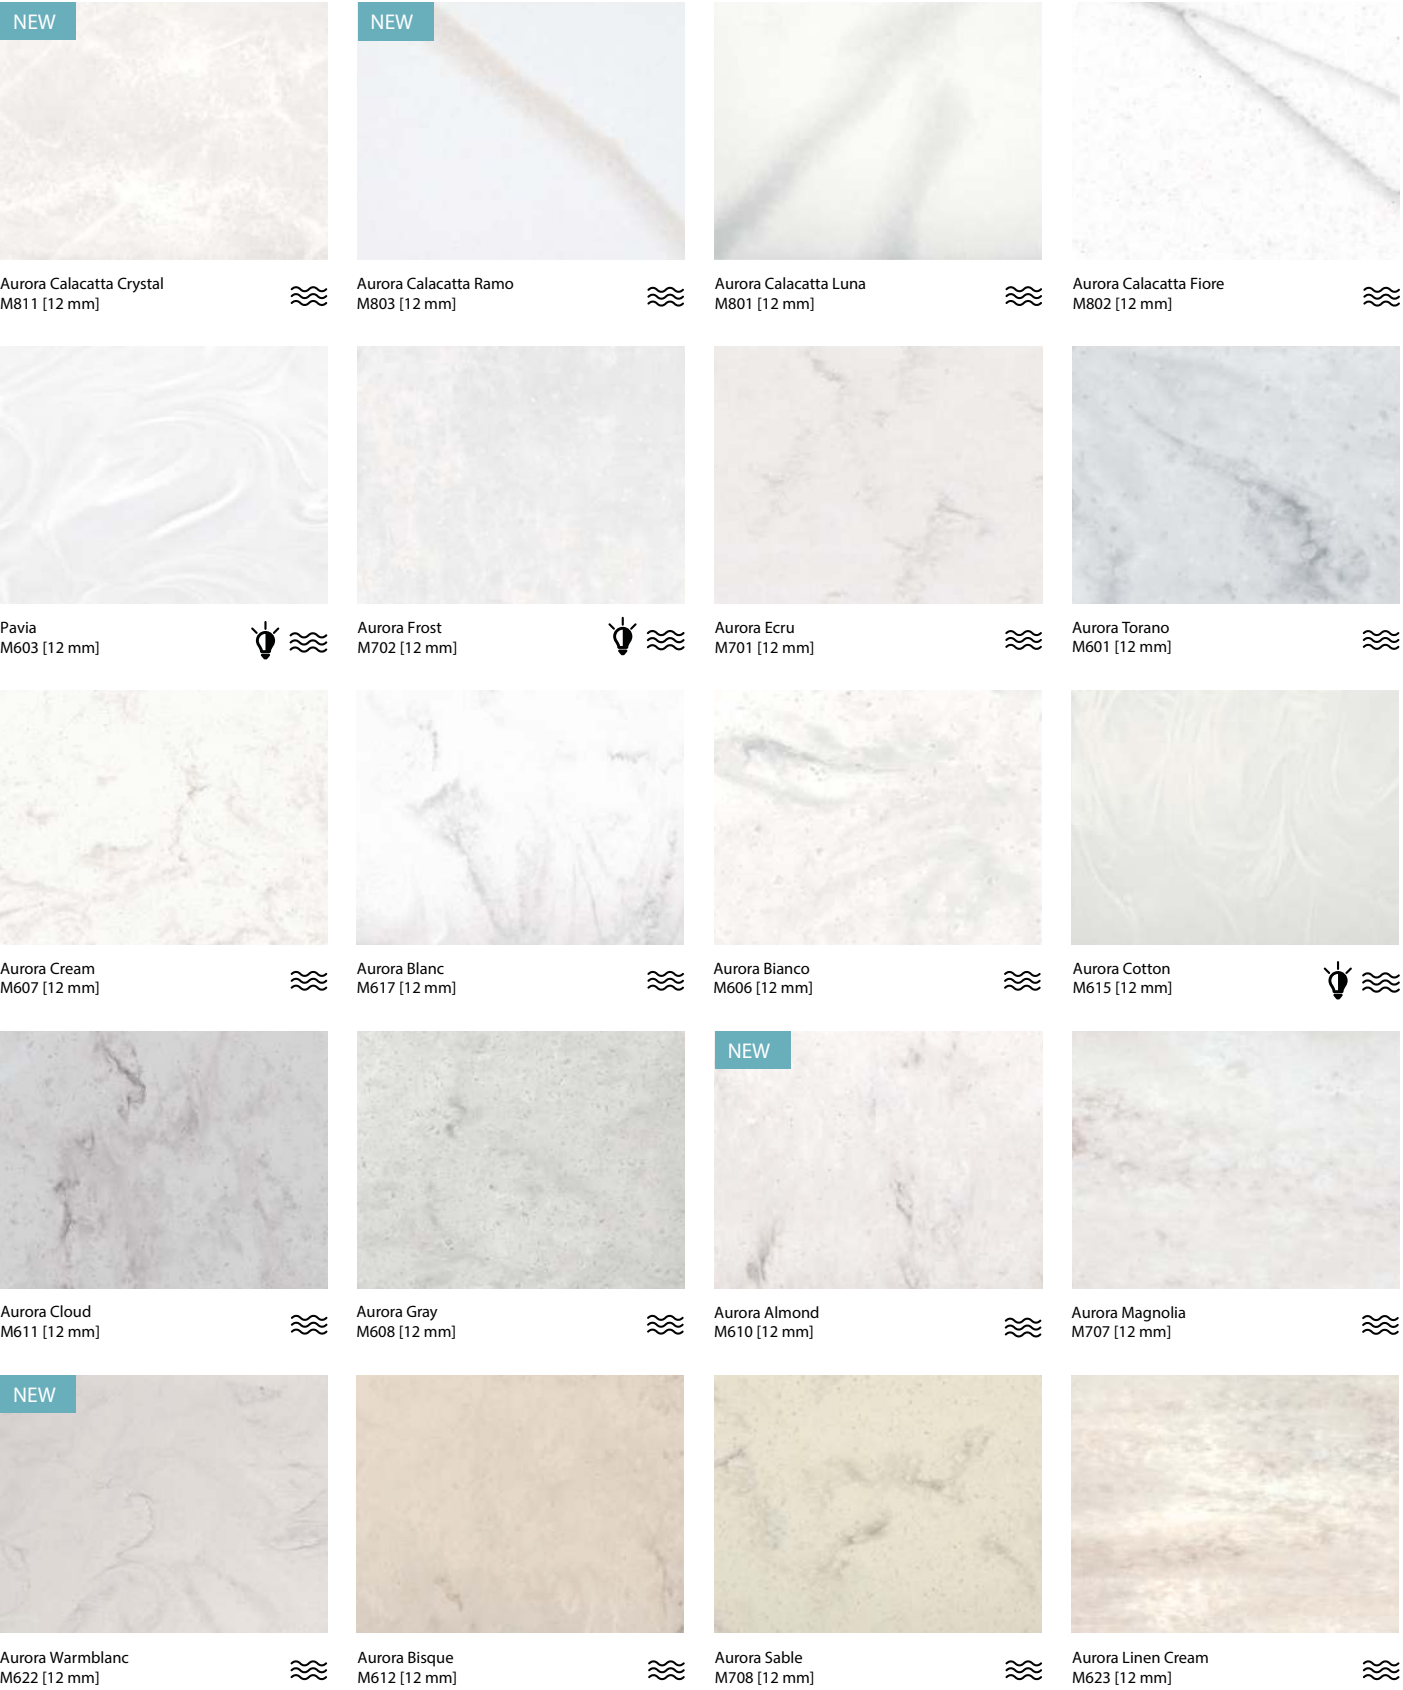

M811 **Aurora Calacatta Crystal**

Aurora Calacatta Crystal enchants with its ethereal allure. Short and long white veins blend flawlessly together while moving across a translucent base, creating a dreamlike look of natural stone, one reminiscent of crystal.

Product Page

The HIMACS Aurora Collection provides colors to address the current trends for top-quality marble aesthetics, ranging from semi-translucent white, through shades of grey, to striking dark brown and anthracite tones.

- Colors with this mark have a semi-translucent effect, evident when combined with light sources.
- Less suitable for surfaces which are subject to high traffic, due to their higher pigmented color saturation, marks may be seen more easily.
- As Aurora colors are randomly veined colors, specific fabrication guidelines need to be followed. Ask your sales partner for more information or visit: lxhausys.com

Inspired by the natural beauty of the aurora borealis, the color palette evokes marble-like aesthetics with subtle and strong shades alongside delicate and detailed veining.

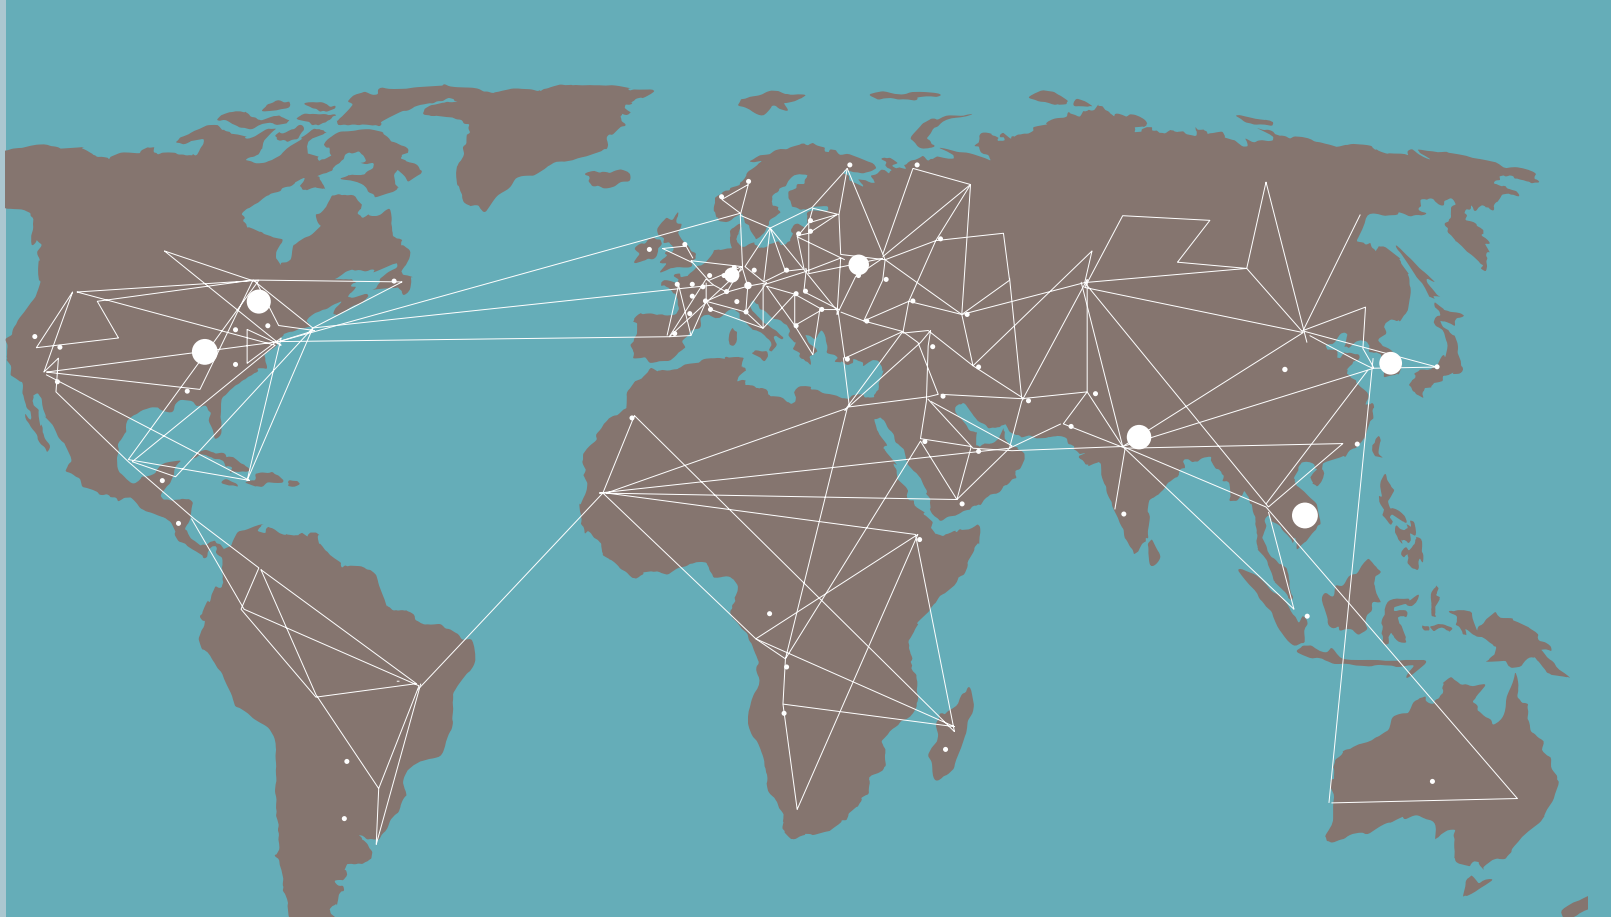

FEATURES & BENEFITS

📖 Care & Maintenance Guide

	Durability	Our advanced Thermal Cure fabrication process ensures HIMACS products are strong, fire-resistant and extremely durable.
	Easy Care & Maintenance	HIMACS is easy to clean and maintain and doesn't require sealing, waxing or special products; scratches, chips, cracks and damages can be repaired by a fabrication professional to restore the material to its original state.
	Hygienic & Non-Porous	HIMACS is non-porous and safe for food preparation. Certified by the National Sanitation Foundation, it prevents the growth of harmful bacteria and mold.
	Inconspicuous Seams	HIMACS allows for visually seamless manipulation. Smooth integration enables large areas without joints or edges as well as flush mounting of sinks or bowls.
	Quality Design	HIMACS supports high-quality design with unlimited color options, stunning translucency, and thermoforming capabilities, allowing you to create incredible surfaces, shapes and 3-Dimensional designs.
	Eco-Friendly	HIMACS supports greener earth by using sustainable material, eco-friendly manufacturing process and recycling at the end of its life-cycle.
